This book explores one of the major aspects of the bilateral peace process - the composition and behaviour of the Palestinian negotiating team, which deeply impacted the outcome of the negotiations between 1991 and 1997. It focuses on the dynamics between the PLO leadership outside the occupied Palestinian territories and the grassroots leadership within the areas under Israeli control that led to conflicts of interest at the time of the final agreement. As the author was part of the Palestinian leadership in the occupied territories, and was present during the negotiations process in Madrid. Eight years after the second Palestinian uprising, the Oslo accords signed in 1993 seem to have failed. The reasons for the failure continue to fascinate students, politicians, researchers and policymakers alike. Part of a series on the Israeli–Palestinian conflict. The Israeli–Palestinian peace process refers to the intermittent discussions held by various parties and proposals put forward in an attempt to resolve the ongoing Israeli–Palestinian conflict. Since the 1970s, there has been a parallel effort made to find terms upon which peace can be agreed to in both the Arab–Israeli conflict and in the Palestinian–Israeli conflict. Some countries have signed peace
