
Where is this image from? the UI and the game looks different. The picture is from his updates to the Summer Memories Sequel that plays in winter...Â You're using one of my JOIPlay packages right? I'm asking because line 1870 in my versions doesn't have a require keyword, but in 2.03 it does. Using the official 2.03 wouldn't be a good idea, as it doesn't support touches properly and you can't get through the tutorial. Click to expand The problem is that this game is not the only error, all rpg games like Treasure of Nadia and others are the same,ReferenceError. Mystic Mountain Memories. 156 likes.
