With our children’s books you will be able to accompany the little ones of the house in a process of healthy, creative and free growth. Through reading, children begin the formation of their own conscience, the representation of reality and the learning of the culture inherited from very old times. In our effort to promote children’s literature, we have compiled a great variety of books, among which are: children’s story books, nursery rhymes and songs, books for children and babies, dinosaur books, children's bedtime books and animal coloring books. As you can see, it is a very complete compendium of ideas that can be applied to the creation of a greeting card. Calligraphy, doodling, simple drawing, and writing (idioms/puns) are the main chapters. These concepts require no artistic abilities nor expensive tools.

This beautifully presented Civil Rights Activity Book helps children learn about the US Civil Rights struggle fought for equal rights for people of colour in America. In 1964 President Johnson signed the Civil Rights Act, making it unlawful to treat people differently because of their race, religion, or sex. Blog. Hobbies & Crafts Books > Needlecraft Books. Creative Projects For Children's Books: On this page, you will find many unique student projects based on popular children's novels. My students actually cheer when it is time for them to work on a group project based on a novel that they have read together in class.

Karen Woods. This book presents a series of guided, easy-to-follow workshops aimed at children of a primary school age and upwards, working under supervision but not necessarily in the classroom. Each project will build confidence with techniques and materials, encouraging the child to engage with more challenging ideas once they understand the usefulness and relevance of the skills they have already acquired. The projects move from simple 2-D designs exploring colour and form right up to more complex 3-D forms mixing techniques and media. Each project contains options for experimenting with o
