I think this book is important for a number of reasons. But in the interest of time and respect for your patience (you came here to read what David has to say, after all), I will focus on two. First, it will arm you with a vast array of tools—"weapons," if it so pleases you—to face the not-so-hospitable world as an out-loud and proud atheist. I wish I had these tools available to me as I struggled to come out as a teenager.  

2 The Free Dictionary describes an atheist as a person who absolutely denies the existence of God or any other gods.  

How do we win a battle with words when the words we use are wrong? How do we organize atheists when most of the atheists don’t even know they are atheists because they’ve been given wrong information? Fighting God is a firebrand manifesto from one of the most recognizable faces of atheism. In his book, Silverman—a walking, talking atheist billboard known for his appearances on Fox News—discusses the effectiveness, ethics and impact of the in-your-face-atheist who refuses to be silent. Silverman argues that religion is more than just wrong: it is malevolent and does not deserve our respect. It is our duty to be outspoken and do what we can to bring religion down. Examining the mentality, methods and issues facing the firebrand atheist, Silverman presents an overwhelming argument for firebrand atheism.
