It was as an orator that Churchill became most completely alive, and it was through his oratory that his words made their greatest and most enduring impact. While the definitive collection of Churchill's speeches fills eight volumes, here for the first time, his grandson, Winston S. Churchill, has put together a personal selection of his favorite speeches in a single, indispensable volume. It includes some of Churchill's best-known speeches as well as some that have never before been published in popular form. Today, Sir Winston Churchill is revered as an indomitable figure and his wisdom is called upon again and again. Never give in except to convictions of honour and good sense! Winston S. Churchill.
