Incisive, robust, and always insightful, The Best of Times, The Worst of Times is both a dazzling tour d'horizon of the world as it is today and a surprisingly optimistic vision of the world as it might become. ...more. Get A Copy. Amazon.Â Not everyone has the time to read in-depth books or academic papers about domestic and political developments in one single region of the world, let alone all those covered in this book. A quick romp around international politics can therefore be very useful, either as a quick overview for those wanting a refresher on major developments or as an introduction to international politics for neophytes. Burleigh has clearly read up on the subjects he covers and his writing is clear and concise. Read PART ONE - Everyone is happy for about five minutes from the story The Best of Times, the Worst of Times by FormSans96 (Form) with 4,051 reads. gaster, fa...Â This didn't make sense. Everything should be fine now. His mind no longer reeled from the hundreds of thousands of possibilities and timelines that usually assaulted him. He could feel them quieting. He could feel the chaos starting to settle, to align itself to what had happened. Book Overview. A gripping tour d'horizon of the state of the world as it is in 2017 from an acclaimed historian.In the decades since the end of World War II, it has been widely assumed that the western model of liberal democracy and free trade is the way the world should be governed. However, events in the early years of the 21st century--first, the 2003 war with Iraq and its chaotic aftermath and, second, the financial crash of 2008--have threatened the general Read Full Overview. But is this really the worst of times? In a forensic examination of the world we now live in, acclaimed historian Michael Burleigh sets out to answer that question. Who could have imagined that China would champion globalization and lead the battle on climate change? Or that post-Soviet Russia might present a greater threat to the worldâ€™s stability than ISIS? And while we may be on the cusp of still more dramatic change, perhaps the risks will â€“ in time â€“ bring not only change but a wholly positive transformation. Incisive, robust and always insightful, The Best of Times, The Worst of Times by
