Nelson's Navy: The Ships, Men and Organization, 1793 - 1815. Brian Lavery. 4.7 out of 5 stars 27. With a foreword by Patrick O'Brian, Nelson's Navy is the definitive reference work on the British Navy in the Napoleonic era for individuals with an interest in the workings of the greatest fleet of the sailing era. Written by one of the world's leading authorities on the sailing navy, the book contains considerable original research to give a clear and authentic picture of the British navy as a coherent yet complex whole. About the Author. Brian Lavery is the guest curator of the exhibition Victory 250 at Chatham Historic Dockyard. He has written more than thirty books on maritime history including 'Nelson's Navy' is divided into fourteen thematic sections which deal with the design and construction of ships; with the Navy's central and local administration; with the training and organisation of officers, seaman and marines; with ship administration; and with life at sea. What people are saying - Write a review. LibraryThing Review. User Review - JoolzMac - LibraryThing. First published in 1989 and reprinted many times since, 'Nelson's Navy' is a comprehensive overview of Britain's navy during the 'classic' period of the Napoleonic wars. Just about all bases are Read full review. You can write a book review and share your experiences. Other readers will always be interested in your opinion of the books you've read.
