This collection explores the political philosophy and theory foundations for educational administration and leadership as they influence our understanding, analysis and practice in the field. The first section, "Political Philosophy: The Foundations," discusses the work of such writers as Machiavelli, Kant and Hegel, Hayek, Habermas, and Bourdieu as their theories apply to the educational context, administration and K-12 education. John W. Cook Governors State University. Sustainable school leadership is essential to the academic growth of students and professional growth of faculty and staff. NCPEA International Journal of Educational Leadership Preparation, Vol. 9, No. 1 – March, 2014 ISSN: 2155-9635 © 2014 National Council of Professors of Educational Administration. Introduction. This is the essence of the holistic approach to sustainable leadership. For purposes of this study, sustainable leadership focuses on the integration of stakeholders and structure into the school culture in order to ensure continuous school improvement beyond an individual principal’s tenure. Methodology. This collection explores the political philosophy and theory foundations for educational administration and leadership as they influence our understanding, analysis.
