INTRODUCTION The book is intended for English language students at Pedagogical Universities taking the course of English lexicology and fully meets the requirements of the programme in the subject. It may also be of interest to all readers, whose command of English is sufficient to enable them to read texts of average difficulty and who would like to gain some information about the vocabulary resources of Modern English (for example, about synonyms and antonyms), about the stylistic peculiarities of English vocabulary, about the complex nature of the word's meaning. In this book the reader will find the fundamentals of the word theory and of the main problems associated with English vocabulary, its characteristics and subdivisions. By using the Webster's Chinese Simplified Thesaurus Edition when assigned for an English course, the reader can enrich their vocabulary in anticipation of an examination in Chinese Simplified or English. Webster's edition of this classic is organized to expose the reader to a maximum number of difficult and potentially ambiguous English words. Rare or idiosyncratic words and expressions are given lower priority compared to "difficult, yet commonly used" words.
