Verse 1: Lion, we will see a lion, Elephant, we will see an elephant, Monkey, we will see a monkey, Let's go to the zoo! 

Chorus:
There are some new animals in the story which haven't been introduced in the lesson yet (zebra, bear, panda) - this is fine: elicit and teach the animal vocabulary and noises they make. Your students will pick these words up quickly as the story progresses (and when you read the story again in later lessons). Try to get the students really involved in the story by asking lots of questions - e.g. by eliciting the food items, colors and even asking students to speculate what food Sammy the Snake will want at his party.

Come along on an animal adding adventure. Add baby animals to the adults to see how many there are all together. And while you are at it, learn what some of the zoo animals eat or what the baby animals are called. Follow the lost red balloon as it soars through the zoo. At the end of the day, count up all the animals you have seen.
